THE OTHER SIDE

The Oyster Packers Will Refuse to Employ any Union Shuckers.

intora are a Menace to Norfolk's Oyster Industry-Comparison With

The public is aware, through the columns of the Virginian-Pilot, of the troubles between the local oyster shuckers and the oyster packers of and has heard what the shuckers have to say in regard to their

It is only right that the attitude of the employers should be put before the public.

At a meeting of all the oyster packers of the Norfolk section, held Monday night, it was decided that on and after Monday next the services of all union oyster shuckers would be dispensed with, and only non-union shuckers employed.

CAUSE OF THIS ACTION.

CAUSE OF THIS ACTION.

The employers state that they have been forced to take this action by the fact that their business is constantly menaced by the attitude of a few leaders among the shuckers, who have called the employes out on various occasions and on very frivolous grounds, such, often, as the discharge of an objectionable hand. They state that this objection has become so great that the time has now arrived for united action and to settle the matter for all time, that they shall be able to run their own business without outside dictation.

FIVE THOUSAND PEOPLE.

FIVE THOUSAND PEOPLE.

It is estimated that there are at least five thousand people directly and indirectly dependent on our local syster industry. This includes about 1,400 to 1,500 shuckers. Aside from these are the syster gatherers, dock hands and their families. The stoppage of the syster industry is also a serious item with our transportation interests, as a large part of Norfolk's outward bound freight during the syster season consists of syster in the shell and in packages.

TWO MILLIONS PER ANNUM. FIVE THOUSAND PEOPLE.

oyster in the shell and in packages.

TWO MILLIONS PER ANNUM.

The records of the harbor show that our oyster industry has reached a volume of two million dollars per annum. There is expended weekly for wages alone the sum of approximately \$15,000.

The pay-roll of one Norfolk firm last week for labor was \$1,000.

COMPARATIVE WAGES.

COMPARATIVE WAGES.

The pæckers state that the pots used here in shucking are smaller, by two pints, than those used on the Eastern Shore and in North Carolina, the two points that come into direct competition with the Norfolk section.

The pot used in and around Norfolk holds from 9 to 10 pints, and the shucker gets per pot 19 cents for his labor.

shucker gets per pot 19 cents for his labor.

The pot used on the Eastern Shore and in North Carolina holds 12 pints, and the shucker in those sections gets 15 cents per pot for his labor.

This shows that the shuckers of Norfolk get about 6 cents more per gallon than the shuckers of the two other sections that are our direct competitors. If this difference (already heavy) is made greater it is problematical if Norfolk packers can maintain their establishments here and the loss to, this section of its great oyster industry would be a severe blow felt in all channels of trade.

MIVAL SENATORIAL CANDIDATES

MEET IN NORFOLK.

Mr. Wm. Shands and Colonel R. E.
Boykin, the two Democrats contending
for the Senatorship from the Southampion district, were in the city yesterday. Both were seen by a VirginlanPilot reporter, and cach expressed confidence in his election.

Notwithstanding the fact that the
fight has narrowed down to almost personal lines, the two rival candidates
are on friendly terms, as was evinced
by their pleasant exchange of greetings
as they met on Main street yesterday
afternoon.

Mr. Shands not only believes in his
own election, but he also thinks Dr.
Claude J. Bradshaw will be elected to
the House from Isle of Wight county.
At a meeting held near Smithfield this
week in Boykins' and Jones' precince,
Mr. Shands says there was an attendance of at least 125 voters, and not five
of them were Boykin-Jones supporters.
It is charged by some of the ShandsBradshaw people that the other side
is using money in the contest, but they
say it is like pouring it into a rat hole.

VISIT TO NORFOLK.

MR. T. J. ANDERSON SPENDS A

Mr. T. J. Anderson, known through-out the Virginias and Carolinas as "Tom" Anderson, one of the most popular railway men in America, dropped down to Norfolk and Portsmouth (his old home) yesterday, and put in the day shaking hands with his host of friends.

Mr. Anderson now fills the position of general passenger and ticket agent of the International Express Company and the Cuban and Pan-American Express Company, with office at 52 Broadway, New York.

Company, with office at 52 Broadway, New York.

Mr. Anderson is hustling things as usual. The business of the companies that he represents is divided in four apartments—domestic frieght, foreign freight, passenger and express. They control, for certain purposes, the Ward Line of steamers to Havana and all points on the south side of Cuba, to Yucatan and Mexico; the Munson Line to the north side of Cuba, the Red D Line to Porto Rico, the 1,100 miles of railway in Cuba and 540 miles in Yucatan and the Panama Railroad and Steamship Company. An enormous business is developing over this latter route to Cape Town, the scene of the present trouble between the British and Afrikanders of South Africa.

PRE-HISTORIC CITIES FOUND.

PRE-HISTORIC CITIES FOUND.

A feature of world wide interest in connection with the extension of their railroad interests in Yucatan is the discovery of the remains of three large pre-historic cities that once teemed with thousands of inhabitants. These show a civilization of a high order, like many other of the pre-historic remains of great temples and other buildings found in the ancient land of Yucatan. Many archaeological treasures have been recovered from these ancient seats of a pre-historic civilization, and will be preserved for scientific investigation. Some elaborate literature is now in course of preparation descriptive of these ancient rulned cities, and their objects of historic interest, as well as the many other points of interest in Mexico, Central America, Cuba and Porto Rico, that are reached by the steamers controlled by the department that Mr. Anderson represents.

DAILY ADDING MORE NAMES.

NORFOLK PROTESTANT HOSPITAL COMMITTEE TO THE PEOPLE.

The Entertainment Committee of the Norfolk Proestant Hospital are daily adding new names to their list of sub-

adding new names to their list of subscribers. They have established head-quarters for the convenience of the cit-Trotter's Pharmacy on Main street. The book for signatures will be found there, and information will be cheerfully given through 'phone, No. 420, if desired. As soon as the course tickets can be gotten out they will be obtainable only at two places: Gathing's Pharmacy, Monticello Hotel, and Trotter's Pharmacy, Monticello Hotel, and Trotter's Pharmacy, Main street, and by members of the committee.

It would be well for the public who are so interested in the Protestant Hospital's advancement to remember that the time to decide for or against this grand course has arrived, and Thursday is the end of the time extended. Should the course not succeed, persons desiring to hear the Juch company must pay general admission, which will be one dollar for reserved seats. If the two hundred names still required are obtained holders of course tickets will have nothing extra, of course, to pay. No one person can reserve at one time more than eight seats.

The box office at the Academy of Music will be open upon a date that will be announced later on. The reserving of seats has been arranged for and shall be handled in a perfectly fair manner to all. If energy and persistent effort ever succeeded it should succeed now. Let the literary people show their appreciation of this splendid course as well as the end in view. Pack the Academy at the Juch concert on the 27th. Holders of season tickets will have the first day and choice of seats, so be wise and secure your tickets without delay.
